As many residents are aware, a recent special question regarding full-day kindergarten for the Wayne Township Public Schools did not obtain voter approval. In response to this outcome, the district is seeking out ways to accommodate parents while recognizing the will of the majority of voters. Specifically, we are researching the feasibility of creating a tuition-based “wrap-around” program. This would be a full-day, voluntary, fee-based program.

Kindergarten wrap-around programs exist in a number of other school districts and provide full day settings for children already enrolled in half-day kindergarten. The program would be a complement to our existing half-day kindergarten sessions and would be designed to support and enrich the experiences children obtain in our current program.

We ask all interested parents to visit our website and complete our survey. Your feedback will be used to assist with the design of the program.
